## **AGREEMENT**

This Agreement made on June 9<sup>th</sup>, 2017, by and between PALISADES MEDICAL CENTER, hereinafter referred to as the "Medical Center" and the HEALTH PROFESSIONALS AND ALLIED EMPLOYEES, AMERICAN FEDERATION OF TEACHERS, AFL-CIO, hereinafter referred to as the "Union".

## **WITNESSETH**

Whereas, it is the intent and purpose of the parties hereto to maintain, promote and improve the industrial and economic relations between the Medical Center and its employees and to establish a basic understanding relative to rates of pay, hours of work and other conditions of employment.

Now, therefore, the parties hereto mutually agree as follows:

### **1. UNION RECOGNITION**

- 1.1 The Medical Center hereby recognizes the Union as the sole and exclusive bargaining agent on behalf of all the employees in the collective bargaining unit.
- 1.2 The collective bargaining unit is defined as follows: All full-time, and regular part-time, registered and graduate nurses, including charge nurses, team-leaders, utilization review nurses, central supply nurses, infectious control nurses, and all full-time and regular part-time professional employees, including certified histologists, medical technologists, bacteriologists, pharmacists, physical therapists, respiratory therapists, and social workers, MSW, mental health workers and certified alcohol counselors employed by the employer at its North Bergen, New Jersey facility, including the existing mental health facility, but excluding all other employees, office clerical employees, licensed practical nurses, technical employees, service and maintenance employees, student nurses, head nurses, in-service nurses, in-service coordinators, other nursing coordinators, chief x-ray technician, laboratory manager, the supervisor of the respiratory therapy department, director of the respiratory therapy department, nursing supervisors, and all other supervisors and guards as defined in the Act.
- 1.3 In the event an entire operation or any part thereof is taken over by receivership or bankruptcy proceeding, such operation shall continue to be subject to terms and conditions of this agreement for the life thereof.

In the event of an acquisition of the Medical Center or a merger of the Medical Center, this agreement and its terms and conditions shall be binding on all parties, including the successor entity, for the life thereof, to the extent legally permissible.

The Medical Center will notify the Union of a signed letter of intent to affiliate,

merge, or consolidate with another institution or organization within fourteen (14) calendar days of the signing of the letter of intent.

1.4 The terms "employee" or "employees" used in this agreement shall refer to those in the bargaining unit set forth in Section 2 hereof.

1.5 The Medical Center and the Union agree to the following for the term of this current agreement. The Medical Center shall not assert or challenge the supervisory or non-supervisory status of Registered Nurses, Charge Nurses, Senior or Lead employees as defined in Section 2 (11) of the National Labor Relations Act.

The job duties of Registered Nurses, Charge Nurses, Senior or Lead employees at the Medical Center shall not be considered supervisory/managerial duties as defined by the National Labor Relations Board. This agreement shall expire on the last day of this current agreement and does not interfere with the Medical Center's future rights under law.

Bargaining unit work will not be assigned to non-bargaining unit employees if such assignment would result in the reduction of hours, layoff or abolishment of positions of bargaining unit members. This does not limit the Medical Center's ability to train and develop employees or maintain the efficiency of the operation.

## 2. UNION SHOP AND CHECK OFF:

2.1 It shall be a condition of employment (except as set forth in section 3 of this article) that all employees of the Medical Center covered by this agreement who are members of the Union in good standing on the effective date of this agreement shall remain members in good standing, and those who are not members on the effective date of this agreement shall, on the thirtieth calendar day following the effective date of this agreement, become and remain members in good standing in the Union.

It shall also be a condition of employment that all employees covered by this agreement and hired on or after its effective date shall, on the thirtieth calendar day following the beginning of such employment become and remain members in good standing in the Union. Where the effective date of the agreement is made retroactive, the execution date shall be substituted for the effective date.

The failure of any employee to become a member of the Union at the required time shall obligate the Medical Center, upon written notice from the Union to such effect, and providing that the Union membership was available on the same terms available to other members, to discharge such person.

Further, failure of any person to maintain his/her membership in good standing as required herein shall, upon written notice to the Medical Center by the Union to such effect, obligate the Medical Center to discharge such person.

- 2.2A Employees (Per Diems see Appendix A, #3) shall be on probation for a period of ninety (90) calendar days. Registered Nurses shall be on probation for a period of one hundred-twenty (120) calendar days. This probationary period may be increased by an additional thirty (30) days at the option of the Medical Center with notice to the Union. Accrual and usage of benefits shall not be affected by this thirty (30) day extension.
- 2.2B The Medical Center shall have the right to discharge employees during their probationary period with or without cause, and such discharge shall not be subject to the grievance and arbitration procedures of this agreement. Upon the satisfactory completion of probationary period, employees shall be placed upon the seniority list as of their hiring dates. During the employee's probationary period, s/he shall not be entitled to any fringe benefits under this agreement, except as hereinafter provided.
- 2.3 Upon receiving the written authorization of an employee, the Medical Center agrees to deduct from each paycheck membership dues/fees in such amounts as shall be fixed pursuant to the by-laws and constitution of the Union during the full term of this agreement and any extension or renewal thereof.

The Medical Center agrees it shall forward to the Union, by the 25th of the month following the month for which the dues are collected, a check representing such Union dues and a list of names of employees from whom the deductions were made, the amount deducted, hourly rate of pay and the number of hours worked. All information will be provided to the Union by hard copy and in computer diskette form compatible with the specifications given by the Union.

- 2.4 The Medical Center agrees to notify the Union with the monthly check-off list of the hire of all employees, their addresses, classification, rate of pay, social security number and the date of birth, and of all removals from the employee payroll and the amount of dues deducted. The Medical Center shall also inform the Union of changes in the status of employees on the payroll (i.e., full-time to part-time, leave of absence, etc.).

The Medical Center shall provide new employees with a dues deduction authorization form, supplied by the Union, at the end of thirty (30) calendar days of employment and shall forward the signed authorization form to the Union office.

- 2.5 The Union agrees that it will indemnify and hold the Medical Center harmless from any recovery of damages sustained by reason of any action taken under this article.
- 2.6 The Medical Center shall provide to the Union the following information for all new hires monthly, the employee's name, address, phone number, classification, rate of pay, social security/employee ID number, and date of birth. The Medical Center will notify the Union of changes in the status of employees on the payroll

(i.e. full-time to part-time, leave of absence, terminations) monthly.

The Medical Center shall provide an updated list of bargaining unit employees every six (6) months, in January and July that shall include employee's name, address, phone number, classification, department rate of pay, social security/employee ID number, date of hire and date of birth. The Medical Center will notify the Union in writing of an employee's retirement and provide the Union with the last known address.

All information shall be provided on an Excel spreadsheet as an attachment to an email.

- 2.7 The Medical center will provide payroll deduction for HPAA's Committee on Political Education (COPE). Upon receipt of a voluntary, duly authorized check-off authorization, the Medical Center shall deduct such amount of monies authorized by employees for the Union's political action fund called HPAA Committee on Political Education (COPE). The amount of money deducted from employees' paychecks and an itemized list of such deductions shall be forwarded to the Union no less than one (1) time per month and no later than one (1) month following the deductions.

### **3. CONDUCT OF UNION BUSINESS:**

- 3.1 Union representatives may enter the Medical Center for the purpose of investigating grievances and ascertaining whether the provisions of this agreement are being complied with, provided there is no interference with patient care or interruption of work or administration of the Medical Center, and provided further, that prior to entering the Medical Center proper, they shall first obtain authorization from a designated representative of the Medical Center.
- 3.2 The Medical Center will provide a bulletin board in the following areas: 1<sup>st</sup> floor near the employee entrance, 2<sup>nd</sup> floor near the time clock, Dietary locker room, and 5<sup>th</sup> floor, current offsite Physical Therapy location and the mental health facility. It is understood that due to possible renovations these locations might change. Such bulletin board will have a glass door that may be locked for the exclusive use of the Union, provided no derogatory or political material is posted thereon. The Union shall provide the Medical Center with a copy of all material to be posted by the Union simultaneous with its being posted.
- 3.3 The Medical Center shall provide a mailbox for Union use, which may be locked, to be located by the time clock.
- 3.4 Employees who attend Labor-Management Committee, Health and Safety Committee, Workplace Violence Committee, Safe Patient Handling Committee meetings and grievance meetings during their regularly scheduled hours shall be allowed time off without loss of pay for the purpose of attending these meetings.

Such working time spent in attendance shall be considered as time worked for the purpose of calculating overtime.

- 3.5 Orientation of New Employees – The Union shall be given the opportunity to address new employees as a formal part of the orientation process. The Union will provide the employer with the agenda of such presentation.
- 3.6 Recognizing the Union’s need to conduct union business and the possibility that its officers might be elected from any of the three (3) separate bargaining units, the duly elected union officers or their designee (who shall come from outside the officer’s unit of work, unless no designee outside the unit would be appropriate) will be permitted a grand total of fifty (50) paid work days off each year. These days shall be limited to local union business, conferences, educational purposes, and union meetings.

The Union will schedule this time two weeks in advance through the Human Resources Division.

Management, insofar as is possible, will not unduly deny requests due to occasional unforeseen events. This time will count as time worked.

#### **4. REPRESENTATIVES:**

- 4.1 The Medical Center recognizes the right of the Union to designate representatives in such number as are necessary for the enforcement of this agreement but not to exceed twenty (20) representatives including a chairperson.
- 4.2 The authority of representatives so designated by the Union shall be limited to, and shall not exceed, the following duties and activities:
  - A. The investigation and presentation of grievance in accordance with the provision of the collective bargaining agreement.
  - B. The transmission of such messages and information which shall originate with, and are authorized by the local Union or its officers.
  - C. Union representatives will make a best effort to inform their supervisor when they are leaving their work area to conduct union business and when they expect to return.
- 4.3 Representatives have no authority to take strike action, or any other action interrupting the Medical Center operation, except as authorized by official action of the Union.
- 4.4 All correspondence addressed to the Medical Center for the President of the Union shall be directed to the President.

**5. SENIORITY:**

- 5.1 Seniority is defined to mean the length of continuous service with the Employer from the date of last hiring.
- 5.2 Irrespective of their seniority, the representatives, including the President, shall be the last ones laid off and the first ones rehired, provided that they are qualified to fill such jobs that are available to them.
- 5.3 LAYOFF/REDUCTION OF HOURS:

- A. Should a layoff or reduction of hours be necessary, the anticipated length and reasons for such shall be sent to the Union. Such notification shall be given as soon as possible. A minimum layoff notice of twelve (12) calendar days shall be provided to the Union, the affected employees and those who might be affected, except in cases of an unplanned layoff.

An unplanned layoff shall be defined as circumstances which render the Medical Center unable to operate in whole or in part and the Medical Center does not have advanced notice such as fire, flood, explosion, equipment failure, war, act of God or other disaster.

- B. At the request of the Union, the Medical Center will meet with the Union to discuss any matters the Union has concerning the layoff or reduction of hours.
- C. In case of a layoff in a particular patient care area (unit or department), layoff shall be by Medical Center-wide seniority in the patient care area to be affected provided the remaining employees have the skill and ability to perform the remaining available work. The Medical Center may not be arbitrary in evaluating the skill and ability of the employees to perform the remaining available work.
- D. In case of a layoff, the following procedure shall be applied to an affected employee in order of Medical Center-wide seniority:
  - 1. The Medical Center will first seek volunteers. If there are no volunteers, then,
  - 2. The most senior affected employee shall be offered a choice of any vacant position for which s/he has the qualifications and abilities to perform the job. Rather than deny an employee the right to move into a vacant position that the employee has most but not all the qualifications needed, the Medical Center will make its best efforts, on a case-by-case basis, to allow the employee a reasonable

training period in the vacant position.

After an employee has completed a reasonable training period and s/he is not able to perform the job then s/he may continue to exercise their layoff rights as per Article 5.3D.

3. If the employee refuses a vacant comparable [same shift, classification (i.e., part-time or full-time), job title, and rate of pay] position, s/he will be placed in a layoff status.
4. If there is no comparable vacant position for which the affected employee has the ability to perform, the employee may bump as follows, provided s/he has the necessary qualifications and abilities to perform the job. Rather than deny an employee a requested bump into a position that the employee has most, but not all of the qualifications needed, the Medical Center will make its best efforts, on a case-by-case basis, to allow that employee a reasonable training period in the position.

After an employee has completed the reasonable training period and s/he is not able to perform the job then s/he may continue to exercise their layoff rights as per Article 5.3D.

- a) A full-time employee can bump the least senior full-time or least senior part-time employee at the option of the affected employee.
  - b) A part-time I employee can only bump a part-time I or II employee. A part-time II employee can only bump a part-time II employee.
  - c) A laid off employee is eligible to work in the per diem float pool.
  - d) The most senior employee may bump the least senior employee on the same shift and in the same classification (i.e., full-time or part-time). If there is no less senior employee on the same shift and in the same classification who the employee can bump, then,
  - e) Viewing the employees on the other shifts as one group, the most senior employee may bump the least senior employee in this group in the same job title.
5. If the employee chooses not to bump the least senior person in the bargaining unit pursuant to Article 5.3 (D)(4), the employee will

have been deemed to have waived his/her bumping rights and will be placed in a layoff status.

6. Each affected employee will have two (2) working days from the date of notification of layoff and bumping options in which to advise the Medical Center whether or not they intend to bump.
  7. All layoffs will occur on the designated effective date of the layoff provided the appropriate notice has been given. Bumping rights will not be affected by the layoff. Employees who are in the process of exercising their bumping option after notice of layoff and who successfully bump, will be entitled to use accrued but unused vacation, holiday or personal days for time missed from work because of a delay in the process, up to a total of ten (10) days.
  8. The Medical Center shall send notice of layoff to the affected employees either by personal delivery in the Medical Center or by certified and regular mail to the address provided by the employee. It shall be the responsibility of the employee to provide an address at which the employee can be reached in a timely fashion of the sending of the notice by the Medical Center.
  9. The accrual, maintenance and use of seniority and benefits will be the same as if an employee was on an unpaid leave of absence.
- E. In the case of a reduction of hours in a department or unit, the Medical Center will first seek volunteers, then,
1. The least senior employee in the unit or department will have their hours reduced, provided the remaining employees have the necessary skills and ability to perform the remaining available work.
  2. If the employee does not wish to take a reduction of hours, s/he will be offered a choice of accepting any vacant position for which s/he possesses the necessary skill and ability to perform.
  3. If there are no vacant comparable positions for which the employee has the ability to perform, the affected employee may bump the least senior employee on his/her shift, provided s/he has the necessary skills and ability to perform the job. The affected employee may only bump into a position whose hours are fewer than or equal to the regularly scheduled hours of the position of the bumping employee.

4. An employee who chooses not to 1) bump, 2) accept the vacant comparable position, or 3) accept a reduction of hours, will be placed in a layoff status.
- F. No Per Diem will be used to replace a laid off employee or an employee whose hours have been reduced. This provision does not affect the Medical Center's right to hire and use Per Diems.
- 5.4 RECALL: Employees in a recall status will have first preference for any vacant position for which they have the ability and skills to perform. Employees will be recalled in the reverse order in which they were laid off.
  - 5.5 Employment shall be deemed terminated and seniority shall be deemed broken under the following circumstances:
    - A. When an employee is laid off for a continuous period equal to his/her length of service or one (1) year, whichever occurs first;
    - B. When an employee is discharged for cause;
    - C. When an employee quits his/her job;
    - D. Extending a leave of absence without prior notification to their manager;
    - E. Working for another employer on or off the books while on a medical or workers comp leave of absence.
    - F. In rehiring after layoff, the Medical Center shall send notice to the employees by certified mail or telegram to the last known address appearing on the Medical Center's records. If within three (3) days of receiving such notice, an employee fails to report, the job may be permanently filled. If the employee contacts the Medical Center within ten (10) days after notification, s/he is then eligible to be recalled to the next available position. If during this period, the employee fails to contact the Medical Center, s/he will be deemed as having voluntarily resigned.
    - G. When an employee has not been returned to work within six (6) months from the date they were ready to return from a leave of absence, but in no event more than eighteen (18) months from the date of commencement of the leave of absence.
  - 5.5 The Medical Center shall maintain a seniority list showing the names of employees, date of hire, classification and department and shall keep such list current. The Medical Center shall provide a copy of said list to the Union every six (6) months.

**6. LEAVE OF ABSENCE:**

6.1 Any leave of absence shall not be unreasonably denied to an employee who has completed six (6) months of employment.

For purposes of this Article, leaves of absence shall be divided into two (2) categories; paid leaves of absence and unpaid leaves of absence.

Paid leaves of absence shall include: medical leave (including maternity leave); jury duty (Article 24.2); bereavement (Articles 24.1 and 24.3). When a medical leave is taken, accrued time for illness/injury (Article 20) may be used in conjunction with State Disability Benefits, if so desired. A leave for illness, injury, disability, or combination thereof, shall not exceed six (6) months commencing with the first day of absence and may be extended for an additional six (6) months at the option of the Medical Center.

Unpaid leaves of absence shall include: personal leave, military leave, educational leave and family leave. Medical leave becomes unpaid if accrued time for illness/injury is not available. Jury duty becomes unpaid after exceeding a three (3) week period.

An employee who obtains any leave of absence by providing false reasons shall be subject to discipline/ discharge.

6.2 A personal leave of absence will not be unreasonably denied, after completion of one (1) year of employment, provided the operation of the involved department/unit so permits.

Vacation and personal accruals shall be permitted to be taken in conjunction with a personal leave only when the operation of the involved department/unit so permits.

6.3 An educational leave not to exceed one (1) year shall not be unreasonably denied to any employee who has completed one (1) year of employment.

6.4 Military leave shall be granted in accordance with applicable law.

6.5 Family leave shall be granted in accordance with applicable law. In the case of newborn childcare, time shall be granted not to exceed a total of six (6) months of absence and may be extended for an additional six (6) months at the option of the Medical Center. This paragraph should not be construed as granting health benefits beyond applicable family leave law.

- 6.6 Where possible, a request for a leave of absence shall be submitted to the Medical Center thirty (30) days prior to the commencement of the leave being sought. The Medical Center shall respond in writing to all such requests within seven (7) days, excluding Saturdays, Sundays and Holidays, after receipt. If a leave of absence is denied, the Medical Center shall notify the Union, in writing, within twenty-four (24) hours of the time the employee is notified.
- 6.7 Upon the expiration of a leave of absence as designated below, the employee shall be entitled to return to work in the same position, without loss of previously accrued seniority. Upon the expiration of a leave of absence longer than as designated below, the employee shall be entitled to return to work in the same position, if available, or the first vacancy in another position for which s/he is qualified, without loss of previously accrued seniority, until a vacancy in his/her former position becomes available.

The Medical Center will make its best efforts to fill the position on a temporary basis for the entire length of an employee's leave of absence. After the period for which the position is guaranteed, as set forth above, or after the employment of the temporary substitute has terminated, whichever is later, the Medical Center may fill the position on a permanent basis.

The Medical Center may post such position prior to the expiration of the guaranteed time period set forth above. If the position has not been filled when the employee is able to return upon the expiration of the leave of absence, the employee shall be entitled to return to his/her former position.

- 6.8 An employee who is unable to work because of any injury or illness related to his/her employment at the Medical Center shall be granted a leave of absence not to exceed eighteen (18) months.
- 6.9 Employees on an unpaid leave of absence will not accrue benefits except as noted in Article 26.1.1 (unpaid medical leave of absence only).

Employees on a paid leave of absence will continue to accrue benefits for the first 30 days of their leave. After the first 30 days of a paid leave of absence, employees will not continue to accrue benefits except as noted in Article 26.1.3.

Employees on a Worker's Compensation leave (as referred to in Article 6.8) shall continue to accrue benefits for the entire length of the leave. Employees on a personal leave of absence shall not accrue benefits. For the purpose of this Article the word "benefits" refers to time accrued for illness/injury, vacation days and personal days. For the first 30 days following the employee's return to work upon the expiration of an approved leave, the employee shall not be permitted to use any accrued vacation or scheduled personal days. Emergency personal days and time accrued for illness/injury are specifically excluded from this limitation.

- 6.10 An unpaid leave of absence shall be granted to an employee with two (2) years of service to work full-time for the HPAE. This leave shall be limited to a maximum of six (6) months and must be requested in writing. The Union will endeavor to give thirty (30) days notice of the leave. It is understood, however, that in some circumstances the Union will not be able to give a full thirty (30) days notice. In those cases, the Medical Center will make its best effort to release the employee as soon as possible. No more than one employee at any given time shall be eligible for Union leave. The employee shall be returned, after giving ninety (90) days notice in writing, to the exact position (same title, shift, rate of pay, unit/department) held prior to the leave without any loss of seniority. The position shall be posted and filled during the length of the leave on a temporary basis.

## **7. DISCHARGE AND DISCIPLINE:**

- 7.1 The Medical Center shall not discharge, discipline or suspend any employee without just cause.
- 7.2 The Union, the Chairperson, and the employee involved shall be advised in writing of any discharge, suspension or disciplinary action. A copy of the notice given to the employee shall be mailed to the Union within forty-eight (48) hours.
- 7.3 A grievance by an employee claiming that s/he has been unjustly or improperly discharged, disciplined or suspended must be submitted to the Medical Center, in writing, within ten (10) days of the written notification of discharge, disciplinary action or suspension.

Discharges or suspensions shall be brought directly to Step 3 of the grievance procedure. If a grievance is not submitted within the time limit provided herein, the rights of the grievant and/or Union shall be considered to have been waived under this Article.

- 7.4 The time limits specified herein shall exclude Saturdays, Sundays and holidays.
- 7.5 Prior to an employee being brought into a disciplinary conference, or an investigational conference that may lead to discipline of the employee being interviewed, the employer representative shall inform the employee of the nature of the conference, including the possibility of a discipline being issued. An

employee shall have the right to have a Union Representative of his or her choice at either of these conferences. In the event a representative is requested, but not available, the Medical Center may temporarily remove the employee from the performance of his/her work, but may not proceed with the discipline until such time as a representative is available.

- 7.6 A discipline shall not be issued more than twenty five (25) days after the event/incident that led to the issuance of the discipline. Discipline resulting from complaints from regulatory agencies, patient complaints, and discipline issued under the Medical Center's Attendance/Lateness Policy and Procedure will be excluded from this limit.
- 7.7 For disciplines involving "no-call, no-show" the first discipline will be a two-day suspension. The discipline shall be removed from the employee's personnel record after twelve (12) months, if there are no further disciplines for "no-call, no-show" during the twelve (12) month period.

## **8. GRIEVANCE AND ARBITRATION:**

- 8.1 For the purpose of this agreement, a grievance is defined as a dispute arising out of the application or interpretation of any of the provisions of this agreement or any Medical Center rule, regulation or practice and shall be processed in the following manner:

STEP 1. An employee having a grievance and/or his/her Union representative shall arrange a meeting with the employee's immediate supervisor for the purpose of discussing the grievance.

STEP 2. If the grievance is not resolved in Step 1, the employee and/or the representative shall within ten (10) days of the occurrence giving rise to the grievance submit a grievance in writing to the Human Resources/Personnel Department. The grievance shall be considered resolved unless submitted in writing within the time limit provided herein.

The Director or other representative of the Medical Center shall meet with the Union representative within five (5) days of the receipt of the written grievance and will respond in writing within five (5) days of the close of that meeting.

The grievance shall be considered resolved unless written notification of going to Step 3 is received by the Medical Center within five (5) days of the Medical Center Step 2 reply.

STEP 3. If the grievance is not resolved at Step 2, a meeting shall be held between the Union Chairperson and/or designee and the Vice President of Human Resources, or any other representative within five (5) days of the Step 2 reply. The Medical Center shall respond in writing as to their decision within seven (7) days of the close of that meeting.

STEP 4. ARBITRATION: If a grievance is not satisfactorily adjusted during the foregoing Steps, the Union may refer the matter to arbitration within thirty (30) calendar days of the receipt of the Medical Center's Step 3 answer, by giving notice to the Medical Center and to the American Arbitration Association in writing of intent to arbitrate. If the Union fails to refer the grievance to arbitration within thirty (30) calendar days of receipt of the Medical Center's Step 3 answer, the grievance shall be considered waived under this Article.

- 8.6 The arbitrator's fee shall be borne equally by the Medical Center and the Union.
- 8.7 For the purposes of this Article, "days" when used herein shall exclude Saturdays, Sundays and holidays unless preceded by the word "calendar", in which case all days including Saturdays, Sundays and holidays shall be counted. - 9.1 Neither the Union nor any of the employees covered by this Agreement shall engage or participate either directly or indirectly in any strike, slowdown, cessation or interruption of work, interference with the shipment of goods or materials, boycott, picket line, or interference with the operation of the Medical Center in any way.
- 9.2 In the event a violation of Section 9.1 hereof occurs, the Union, upon being notified, shall immediately order orally and by telegram (with a copy to the Medical Center) all employees covered by this agreement to return to work notwithstanding the existence of a picket line.
- 9.3 The Medical Center shall have the right to discipline or discharge employees engaging in, participating in, or encouraging such action, and only an issue of fact as to whether or not any particular employee engaged in, participated in or encouraged any such violation is subject to the grievance procedure and/or arbitration.
- 9.4 The Medical Center agrees that it will not lockout its employees.

**10. NON-DISCRIMINATION:**

- 10.1 No employee shall be discriminated against directly or indirectly because of his/her membership in or activity on behalf of the Union. Palisades Medical Center and the Union are committed to the principles of equal employment and affirmative action and will not discriminate in the recruitment or employment practices on the basis of race, color, creed, national origin, ancestry, marital status, gender, age, religion, sexual orientation, gender identity and expression, disability and veteran status or any other protected status in accordance with all federal and state laws.

**11. FILLING VACANT POSITIONS:**

- 11.1 The Medical Center shall post vacant positions for seven (7) days (exclusive of Saturdays, Sundays and holidays) before the position is permanently filled. During this period, an employee desiring to be considered for a vacant position shall file a written request with the Human Resources Division. The Medical Center shall respond to employees requesting to fill said positions within ten (10) working days of the seven (7) day bid period.

An existing employee shall be given first consideration to fill the vacancy provided s/he has the necessary qualifications for the position. Where two (2) or more employees request the same vacant position, selection shall be on the basis of qualifications and seniority. The employee selected shall be transferred to the new position within sixty (60) calendar days of the date the transfer was approved.

An employee who receives a three (3) day suspension shall not be eligible to bid on a job vacancy for six (6) months from the date of issuance of the three (3) day suspension.

In the event that two (2) or more per diems request the same position, selection shall be based on the supervisor's determination of the successful candidate based on qualifications and factors such as skill and ability. An employee who received a three day suspension shall not be eligible to bid on a job vacancy for six (6) months from the date of issuance of the suspension. If the supervisor determines that two employees are equal, date of hire will prevail.

- 11.2 An employee selected for transfer shall have a period of ninety (90) days for familiarization to the new position. If the employee is unable to qualify, s/he shall be returned to his/her former position. An employee shall have the option of returning to his/her former position with no loss of seniority, provided the employee makes the request to return to the former position within thirty (30) days of the transfer.

## 14. WORK SCHEDULES AND TIME REQUESTS:

- 14.1 The Medical Center shall post a four week work schedule two (2) weeks prior to the commencement of the schedule period. Requests for time off shall not be unreasonably denied. Once posted, the schedule shall not be changed except by mutual agreement.
- 14.2 Except in an emergency, an employee who has been continuously employed by the Medical Center for five (5) or more years shall not be required to rotate shifts.

For the purpose of the provision, an emergency shall be deemed to exist when the Medical Center determines that it is unable to provide adequate staffing by rotating among those employees who have been employed for less than five (5) years. Coverage for an employee's use of accrued time (excluding sick leave and all leaves of absence) shall not be considered an emergency. Employees who have over five (5) years seniority may volunteer to rotate to cover an employee's use of accrued time.

The least senior of the employees on a department/unit with five (5) or more years seniority who must rotate due to an emergency will do so only for the time necessary to meet the emergency. A Medical Center deemed emergency shall not exceed thirty (30) days for any single employee. No employee shall be rotated off their shift and be replaced with an agency or Per Diem employee unless for a clinical competency need.

An employee with five (5) or more years seniority who rotates will receive two dollars and fifteen cents (\$2.15) more per hour.

- 14.3 Nursing employees, excluding Per Diems, with six (6) or more years seniority who are permanently assigned to specific units or departments shall not be required to work in another unit or department (i.e., no pulling) except in an emergency or by mutual agreement. For the purpose of this provision an emergency shall be deemed to exist when the Medical Center determines that it is unable to provide adequate staffing by "pulling" among its employees who have been employed less than six (6) years.

Employees excluding per diems, who have less than six (6) years' seniority who float, will receive one dollar (\$1.00) more per hour. Employees with six (6) years or more seniority will receive two dollars and seventy-five cents (\$2.75) more per hour.

When a floating situation arises and all nursing employees have greater than six (6) or more years seniority, volunteers will first be sought. If no nursing employees volunteer to float, the least senior of the employees on a unit/department with six (6) or more years seniority shall float.

The Medical Center will make its best efforts to float within the following float districts:

1. CCU, PCU, ED, Cath Lab
2. 4 East, 5<sup>th</sup> floor, Peds
3. Peds, Nursery, L&D, Post Partum
4. OR, PACU, Endo, SDS

No employee will be given an assignment for which she/he has not been adequately trained and is competent to perform the duties required. Palisades Medical Center will provide training and establish competency and will use the N.J. Board of Nursing Practice Act as a resource.

A Float Pool will be established from vacant or newly created positions to include one full-time position on all shifts. The first two full-time day shift vacancies will be posted for transfer purposes. Thereafter, a single day shift full-time position can be dedicated to the Float Pool at the Medical Center's discretion.

Newly created part-time positions (not from vacancies or restructuring) to include up to two part-time positions on each shift, can be dedicated to a Float Pool.

If an employee is ordered to work in a unit/department other than their permanently assigned unit/department, the employee shall be entitled to pull pay, even if this occurs on an overtime shift. If the employee voluntarily works in a unit/department other than their permanently assigned unit/department, the employee will not be entitled to pull pay unless this occurs during their regularly scheduled shift.

- 14.4 **WORK PREFERENCE:** Preference for all available work time shall be given to bargaining unit employees over any other individuals. Outside Agency personnel may be utilized after available work time has been offered to bargaining unit employees who have made themselves available for said work time by so indicating on a daily "Availability List" not later than seven (7) days after the posting of the next monthly schedule. These lists will be maintained in their respective departments and will be made available for review by the Union, upon reasonable notice. In the Nursing Division, "Overtime Availability Forms" will be submitted to a central nursing location. The forms will be made available for review by the Union upon reasonable notice.

In the event of call-ins, bargaining unit employees who have made themselves available on said list, followed by bargaining unit employees currently on duty in each respective department, shall be offered said work time prior to utilizing outside agency personnel.

- 14.5 For those employees who work weekends, no full-time employee shall work more than four (4) consecutive days without a day off, unless mutually agreed by the employee and the Medical Center.

respect to increasing wage rates. Therefore, HPAE agrees that it will negotiate during the term of this Agreement, upon the written request by Palisades Medical Center, with respect to increasing the wage rates for employees in any specific job title, and/or in any specific area of the Medical Center. These negotiations will be concluded within two (2) weeks of the request by PMC to negotiate.

The Medical Center shall not implement a wage increase for employees in any specific job title and/or area absent a written agreement by the HPAE. However, such agreement may not be unreasonably denied. Should the parties fail to reach an agreement, the Medical Center's last offer will be submitted to expedited arbitration for a final and binding resolution.

If arbitration is requested, the parties agree that the arbitrator will be Walter Detreux or Barbara Zausner Tener. The arbitration will be held within one (1) week of the submission of the dispute regarding the Medical Center's last proposal. If the first arbitrator cannot conduct the arbitration within the time frame, the parties will use the second arbitrator. If neither of the two named arbitrators will conduct an arbitration within the time frame, the parties will submit the case as quickly as possible to expedited arbitration pursuant to the rules of the American Arbitration Association. This Preceptor program and the tutoring of Preceptors shall be the direct responsibility of the Education Department.

While in the clinical setting, it shall be the responsibility of the Preceptor to provide the Education Department pertinent information regarding the overall performance of the employee; said information to be used in the evaluation process of this employee.

If the employee is in a disciplinary mode (at the level of written discipline and/or suspension) for attendance, proof of illness/injury may be requested for any absence.

Such part-time employees shall have the option to use accrued hours in eight (8) hour or 4.8 hour increments for eight (8) hours of time lost due to illness or injury, at the option of the employee. This section is not intended to affect the payment of time accruals as described in Article 20.2 when an employee is eligible for temporary disability benefits.
- 20.5 Unused accrued time for illness/injury will be forfeited upon termination, unless the employee qualifies for buy back as per Article 20.9.

### **35.2 Staffing Regulatory Guidelines**

The Medical Center shall abide by all staffing guidelines promulgated by the NJSDOHSS and JCAHO.

**35.3 Hiring and On Boarding of Current Open Positions:** direct patient care and Non-Nursing Areas: The filling of the direct patient care positions and current vacancies is an important first step. Year to date, 134 individuals have been hired and/or transferred into these direct patient care positions and other ancillary and service area vacancies. It is anticipated that the remaining open positions will take at least 10-12 months to successfully hire and onboard.

Establishment of a New Joint Union Management Staffing Committee: The joint labor management staffing committee will meet monthly and will include at a minimum the HPAE local president and HR director. Each meeting will be devoted to one of the following core areas: Nursing, Professional, Technical, and Service & Maintenance. The per diem employee will then drop back to the regular RN per diem rate until s/he meets the eligibility requirements and works at the lower rate for the same number of hours previously paid at the premium rate despite being ineligible.
5. An on-cal per diem in OR and RR who receive the special rate per hour will be eligible for the guaranteed four (4) hours of pay when called in as per Article 23.2 (d) but such will be paid at straight time instead of time and one-half (1 ½).

Should the staffing numbers decrease, the on-call requirement will not be increased but may be readjusted by the Medical Center. For example, if the evening shift position was vacant, the Medical Center may choose to eliminate the night shift on-call entirely and limit on-call to the evening shift until the position once again is filled.
