

How I Benefited from Union Plus Mortgage

If you are buying a house or refinancing, then you should know about Union Plus Mortgage and its representative, Mike Curran. Mike is the financial professional that you want working for you. He made me comfortable throughout the process and answered all my questions. Together with his associate, Tara, they removed the stress from a very stressful transaction. Mike has always been known as a friend of HPAE and labor. While working with him, I came to realize, Mike is not only a friend of labor, but an advocate for union nurses. I highly recommend him to friends and family. I recommend him to all of members of HPAE. Remember, too, that he can help your parents or children with Union Plus. Our benefits are still good in retirement!

Sincerely,

Elmer Daniels, HPAE Local 5089 (retired)
