

JSUMC UNSAFE STAFFING FORM

Attention nurses:

Do you feel staffing in your department is currently short or unsafe for any reason? Not enough nurses? Not enough techs? High patient acuity? Tell upper management and union leadership what's going on, and protect yourself by creating a paper trail.

Please include as much detail as possible, and describe the impact the staffing situation is having on staff and patients.

You can find the unsafe staffing form on MyHMH on the JSUMC page under "Clinical Tools and Apps." Or if that's too annoying, you can access it quickly from any device:

Scan:
